ABOUT US

Ningbo Hongrui Lighting Technology Co., Ltd. - Company Profile Established in 2014, Ningbo Hongrui Lighting Technology Co., Ltd. has evolved into a significant manufacturer in China's outdoor lighting sector. Strategically located in Yuyao, Ningbo, our company operates a modern production facility spanning 10,000 square meters and employs nearly 100 dedicated staff, combining deep industry expertise with innovative drive.

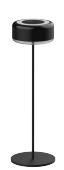

With over a decade of specialization, Hongrui Lighting is dedicated to the R&D and manufacturing of outdoor luminaires. We offer a diverse product portfolio, including Wall Lights, Lawn Lights, In-ground Lights, Garden Pendant Lights, Table Lamps, as well as various lamp holders and accessories, aiming to provide one-stop lighting solutions. All our products are manufactured in strict compliance with international standards and have obtained comprehensive certifications such as CE, RoHS, ERP, GS, UL, cUL, and ETL, guaranteeing superior quality, safety, and environmental compliance.

We are committed to quality excellence, maintaining a robust Quality Management System certified to ISO9001 standards, and uphold social responsibility, evidenced by our BSCI certification. Hongrui Lighting offers strong customization capabilities, providing professional OEM and ODM services. Our core mission is to achieve customer satisfaction by delivering reliable products at competitive prices, backed by exceptional end-to-end service. Our products are exported worldwide and have earned high acclaim from global clients for their consistent performance and elegant designs. We warmly welcome potential partners for inquiries and visits. Let's build a brighter future together!

It features an IP65 level of dustproof and waterproof protection as well as UV resistance, ensuring stable operation in harsh outdoor conditions.

High-efficiency and energy-saving cooling, reducing maintenance costs, improving lighting quality, perfectly restoring brand colors and details

Transforming into a family courtyard wall lamp, it creates a safe, warm and multi-layered outdoor living environment for you. It is suitable for street and community lighting, ensuring the safety of vehicles and pedestrians in public areas, while avoiding light pollution that disturbs residents. The high-end commercial space mode creates a high-end commercial atmosphere and achieves energy conservation and environmental protection.
